

DEGREASING & MAINTENANCE

JIZER

Water Rinsable Degreaser

FEATURES & BENEFITS

Effective - a powerful blend of aliphatic & aromatic hydrocarbons to cut through all oil based soiling

High Flash Point - can be used in most situations with no storage restrictions

Low Viscosity - for good coverage and easy application by brush, cloth, or dipping

Various Sizes - obtain the pack size that you require for maximum cost efficiency

Non-Ionic Emulsifier - enables water & oil to mix to give easy wash off

Safe - can be used on any metal with no corrosion problem afterwards

Quality Controlled Manufacture - each batch is made to the same high standard, eliminating variation in the end result
