

deb protect[®]

General purpose pre-work skin cream for wet & dry work.

Usage: Apply to clean, dry skin before each work period and after washing hands to help protect the skin against contact with general water and non-water based contaminants. Makes the skin easier to clean and helps prevent dermatitis.

Performance Guide: General purpose pre-work cream.

Features:

- Ointment based to quickly absorb into the skin and leave a non-greasy after feel
- Added Paraffinium Liquidum helps the skin to repel aqueous based substances
- Mild, neutral pH formula ensures compatibility with the skin and reduces the risk of any possible irritation
- Only a small amount is required per application
- Contains Kaolin to 'fill-in' skin pores and help prevent ingress by oil based substances
- Contains Wheatgerm extracts, a source of vitamin E to help leave the skin soft & supple after use
- Silicone free formula for safe use in paintshops
- Fragrance-free for maximum user acceptability

Product Testing:

- Dermatologically tested using the industry recognised "48hr human patch testing for primary skin irritation" method
- Not tested on animals
- Many years proven use through millions of applications
